

Minutes meeting 2016-05-30

Agenda

- Contributor CLA
- Discuss research report
- Issues
 - Eclipse plugin with MANIFEST.MF, wrong architecture
 - Dynsem lacks implementations, hard to do with Truffle, parsing, et cetera

Contributor CLA

Still to come.

Discuss research report

Hendrik will start looking at this. We should define an outline for the report, as well.

Issues

- Prompt should show language, or command to show language?
- File completion in paths to languages.
- Think about completion, e.g. create an interface.
